# GUIDED BY GODLY VALUES, DRIVEN BY EXCELLENCE

At **Ruimsig Academy**, we believe that education is a voyage. Each child embarks on a journey filled with growth, challenges, and discovery. Our role is to guide them with unwavering support, Christian values, and internationally recognised academics.

Our **Godly Positioning System (GPS)** is the moral compass that keeps our students anchored in faith while navigating confidently into the future.

## OUR VALUES

### FAITH

Keeping God at the centre

### COMPASSION

Showing kindness and empathy

### INTEGRITY

Living with honesty and respect

### PERSERVERANCE

Growing resilient through challenges

### COMMUNITY

Building an inclusive, supportive environment

## WHY THE CAMBRIDGE CURRICULUM?

We prepare children for a world that is rapidly changing. **The Cambridge International curriculum fosters:**

Critical Thinking

Creativity

Adaptability

– qualities needed to **thrive** anywhere in the world.

Encourages problem-solving and independence

Builds a strong foundation in maths, sciences, languages, and humanities

Recognised globally for academic excellence

*“At Ruimsig Academy, each child’s compass points to God.”*

Our mission is to develop young people who are **Confident, Innovative, and Engaged**, ready to lead with courage and integrity.

### CONFIDENT

in working with information and ideas - their own and those of others

### RESPONSIBLE

for themselves, responsive to and respectful of others

### REFLECTIVE

and developing their ability to learn

### INNOVATIVE

and equipped for current and future challenges

### ENGAGED

and equipped for new and future challenges

## MORE THAN JUST A SCHOOL DAY

We believe in **nurturing** the whole child – mentally, emotionally, physically, and spiritually.

# CAMBRIDGE PRIMARY

## THE START OF AN EXCITING JOURNEY (*continued*)

### AN ALIGNED PROGRAMME

We believe education works best when curriculum, teaching and learning, resources and assessment are closely aligned and encourage personal growth and wellbeing. We support Cambridge Primary schools with high-quality resources to help teachers plan and deliver the programme. With this approach, teachers can support your child, by providing additional guidance to build understanding and confidence, or offering stretch and challenge, so they can reach their potential and thrive.

### Flexible, meaningful assessments

Teachers can monitor your child's development through progress checks and assessments that we have built into the programme. Depending on your school's ethos and context, we offer a range of options for them to choose from to identify the best ways to support your child:

- **Cambridge Primary Insight** assessments help teachers gain deeper understanding of learners' strengths, weaknesses and potential.
- **Teachers can assess some subjects** in the classroom and discuss with your child 'what went well' and how to improve further.

- **Cambridge Primary Insight** assessments help teachers gain deeper understanding of learners' strengths, weaknesses and potential.
- **Cambridge Checkpoint** tests are marked internally by Cambridge, and can be taken in the final year of Cambridge Primary. Your child will receive a statement of achievement and your school will receive detailed feedback about their performance.

### A global learning community

Our global community is made up of over 10 000 Cambridge schools in 160 countries, each delivering education that shapes learners' knowledge, understanding and skills. By working with our wider community, your teachers can connect with other schools to share best practice that can help to shape your child's knowledge, understanding and skills. Your child will develop the confidence they need to thrive and make a positive impact in a changing world.

### Learning with lasting impact

We recognise that meaningful education is more than just building subject knowledge and conceptual understanding. For Cambridge Primary learners to thrive throughout their schooling, we believe that they must also develop a broad range of skills, values, attitudes and behaviours. We design our primary curricula, assessments and resources to help develop reflective and innovative learners with the confidence to embrace new information, ideas and challenges. Cambridge Primary will help your child become responsible and respectful of others, and engaged intellectually and socially ready to make a positive impact.

**With these attributes, you can be sure that your child will be ready for the world.**

# CAMBRIDGE PRIMARY

## THE START OF AN EXCITING JOURNEY

Start your child on an exciting educational journey with Cambridge Primary. Typically for learners aged 5 to 11 years, the programme provides a broad and balanced education helping students to thrive inside and outside the classroom.

### A LOVE OF LEARNING

Our primary programme is built around what matters most to your child as they progress through their education.

### A broad curriculum for a balanced education

With 13 subjects to choose from, including English, Mathematics and Science, the programme provides excellent foundations for the next stage of your child's education, as well as plenty of opportunities to develop creativity, expression and personal wellbeing in a variety of ways.

### A robust foundation with excellent progression

Throughout the programme, each stage builds on the previous one, so your child will feel confident that they are ready for the next step as they progress through the primary years.

### A global perspective

Cambridge Primary helps students discover new abilities and a wider world. Subjects like Cambridge Global Perspectives™ nurture a broad outlook, helping your child to understand their own culture, community and identity as well as those of others in different parts of the world.

### A flexible approach

Cambridge Primary works alongside local and national curricula, giving your child an international education that fits into your context.
